

May Day Program Saturday, May 7

**Celebration Will Feature Dances
And Southern Colonial
Traditions**

The May Day program to be held May 7 at Alabama College promises to be one of the most impressive and colorful of its kind.

It will be a reminiscence of the traditional Colonial days. The ladies in hoop skirts and their young gallants will bring back golden memories for some of the elders with their square dances and the performance of pickaninnies.

Miss Alvis Neville, of Selma, will reign as May Queen. Her escort will be Miss Elizabeth Donald of Pine Apple as "Best Citizen."

May pole dances by members of each class and tap dances by the black faced pickaninnies will also be included in the program. The Glee Club will sing Negro spirituals.

The coming of the Queen's Court will be announced by Miss Evelyn Grey McAdory of Cullman, dressed as a southern colonel. Young children, scattering rose petals will precede the attendants.

On each side of the cotton bale thrones, for the queen and her "best citizen" escort will stand trellises covered with cotton blooms.

Attendants, selected from the beauties of the classes will be dressed in white hooped skirts. They are: Seniors, Helen Moss, Selma; Elizabeth Pace, Oxford; Sue Ingram, Calera; Jeanette Norris, Andalusia; Evelyn Ballard, Kinston; Juniors, Pauline Bland, Steppville; Eloise Carlisle, Leeds; Faith Russell, Birmingham; Doris Condon, Opelika; Marinelle Oliver, Shawmutt; Sophomores, Alice Calhoun, Burkville; Elizabeth Cooper, Oxford; Lois Wood, Andalusia; Emily Nicolson, Selma; Mary Reddock, Luverne; Nell Fuller, LaFayette; Jean Farr, Alexander City; Adelaide Barlow, Gadsden; Martha Smith, Florida.

Honor students dressed as colonial gentlemen, will escort the attendants. They are as follows: Seniors, Rosalie Tutwiler, Greensboro; Frances Cumbee, Five Points; Erin Douglas, Birmingham; Eloise Reynolds, Montgomery; Mary McLendon, Birmingham; Gwendolyn Wyatt, Fairfield; Juniors, Ruth Weaver, Brewton; Dorothy Bliss, Birmingham; Ola Martin, Greensboro; Kathleen Williams, Birmingham; Mary Elizabeth Ford, Alexander City; Frances Trueman, Birmingham; Sophomores, Mary Belk, Talladega; Birdie Margaret Moore, Georgiana; Sarah Christenberry, Selma; Ellen Preuit, Town Creek; Freshmen, Frances Hodge, Wadley; and Evelyn Mayhall, Elkmont.

D. A. R. HOLDS REGULAR MONTHLY MEETING

The David Lindsay Chapter of the D. A. R. held its regular monthly meeting Monday evening at the home of Miss Josephine May with Miss Eddy and Mrs. O. R. Burns as hostesses.

Mrs. H. D. LeBaron, chapter vice president, presided in the absence of the regent, Mrs. W. J. Kennerly, who is recovering from an illness.

Following the usual ritual, a short business session was held during which reports of officers and committees were given. A new member was accepted and a name proposed for membership.

Mrs. A. W. Vaughan was prevented from filling her place on the program by illness in the family. Her subject, "pioneering," was discussed by Dr. Farmer in her usual able and interesting manner.

During the social hour the hostesses served delightful strawberry short-cake and coffee to eleven members and one visitor. The chapter was pleased to have two of its out-of-town members, Mrs. Willis Lyman, of Boothton, and Mrs. Robert Holcombe, of Calera, present.

The next meeting of the chapter will be with Mrs. Robert Holcombe of Calera on May 23rd.

Flower Show Date Saturday, May 21

The flower show in Montevallo is a dream that is really going to come true. It will be held in the show room of Alabama Power Company on Saturday, May 21. The exhibit will be for the public and the hours will be from 1:30 to 5:00.

Any person in Montevallo who wishes may exhibit flowers. They do not need to make arrangements early if they are doubtful about what will be blooming. All flowers should be brought between 12 and 1 o'clock. They should not be brought earlier than 12 because there will be no place to store them. It is desirable to bring containers for the flowers and to have your name marked with a label which has the owner's name and residence on it. This label should be pasted on the container.

Persons wishing to display unusual potted plants and flowers may do so. If persons wish to display flowers but have no way to get them to the exhibit room, the Business and Professional Women who are in charge will call for your flowers between 12 and 1 on Saturday. Let these women know a couple of days ahead if you wish this service. Phone Miss Catherine Fancher at Montevallo—Dr. Reid's office.

The exhibit will feature flower arrangements. If you want to know how to make your flowers look lovely when they are used for interior decoration, come to the exhibit and watch persons who will demonstrate arrangement.

Another feature of the exhibit will be the exchange service. You may leave your name and the kinds of flowers, roots, and seeds you will have to give away next year when the season comes. This list will be arranged and printed in the paper. When the time comes to give yours away you will be able to see who has the flowers you want—you can bargain for your own exchange.

The flowers that are exhibited should be called for on the same day between five and six. All flowers not called for will be taken to the churches for the Sunday services.

Be sure to enter your loveliest flowers!

Baptist Church

The pastor's message Sunday morning will be in keeping with Mother's Day. An offering for the Baptist Orphanage at Troy will be taken in the Sunday School. Honor your mother by making a liberal offering for motherless children.

At the evening service Rev. O. R. Burns, pastor of the Methodist Church, will speak on the life and influence of John Wesley. The Methodists of the world are celebrating this year the centennial of the Aldersgate Street experience of John Wesley when he felt his heart "strangely warmed." We count it a privilege to have Brother Burns speak to us Sunday night on the life of this great man. We invite all to hear him.

The circles of the Missionary Society will meet at the church Monday afternoon at 3 o'clock.

Election Returns For The County

**Second Primary Will Be Necessary
To Determine Several
County Races**

At about eleven o'clock Wednesday incomplete and unofficial returns of the Democratic Primary were available at the courthouse in Columbiana from 29 of the 32 boxes in Shelby County.

In the race for governor Frank Dixon was the leader in the county vote with a total of 1612. Bob Goode was second with 810. Sparks received 469 and Riddle 117. Arnold got a goose egg.

The vote in the county for other state races was as follows:

For Lieutenant Governor: Brooks, 102; Carmichael, 1571; Hamner, 314.

For Secretary of State: Birmingham, 212; Brandon, 1932; Cameron, 402; Hovater, 133; Thompson, 334.

For State Auditor: Camp, 960; Turner, 1256.

For Public Service Commission, Associate Member No. 1: Brown, 858; Lee, 1341. Associate Member No. 2: Givhan, 704; Harrison, 818; Heustess, 561.

Pete Jarman gave his perennial opponent, Tom Maxwell, another good walloping with a vote of 2325 to Maxwell's 226.

In the three cornered race for State Senator Karl Harrison led in the county vote with 1137. Dr. J. A. Hines was second with 988. Big Bud McGraw was third with 764. All three of the candidates are Shelby County men. The Senatorial district includes Shelby, Chilton, and Autauga.

The unofficial vote for State Senator in Chilton County as announced Wednesday was: McGraw, 879; Harrison, 804; Hines, 770.

On the basis of these unofficial figures in Shelby and Chilton, the Senate race would go into a second primary with Harrison and Hines. Autauga's figures could alter that, however.

L. H. Ellis walked away with the race for Representative in the Legislature with a total of 1626, a clear majority of 647 over all four of his opponents. Brasher received 386, Holcombe 513, Kroell 213, Bridgewater, 180.

For Sheriff Bun White was nominated with 1620 votes, against his lone opponent, Bud Norwood, who tallied 1305.

W. L. Brown unseated the incumbent, J. M. Lyon, for President of the Board of Revenue, with 1578 to 1246 for Lyon.

A. L. Hardegree put on the landslide act in the race for Circuit Solicitor, getting 2350 to John A. Darden's 449.

Clarence Abbott was nominated to succeed himself as tax collector with 2115 to 842 for L. B. Riddle, Sr.

Luther Fowler, for tax assessor, received 1878 to defeat his challenger, L. Gerald Fulton, who received 1297.

The vote for County Treasurer was: Naish 937, Frank Lyon 887, Culver 744, Dennis 344. This result indicates a run-off between Naish and Lyon.

J. L. Appleton was unopposed for County Superintendent of Education.

For member of the County Board of Revenue in the second district unofficial figures show that a run-off will be necessary to decide the race between Stanley Mahan and S. M. Tatum.

In these days, families and friends may be scattered to the four winds—but reunions are quick, happy and inexpensive when you use long distance telephone service.

Keep those ties of friendship and affection alive and strong. On holidays, birthdays, or any day, let your voice express your greetings to loved ones in other cities.

Anytime in the day or night—right now in fact—the long distance operator is ready to take your call. Ask her for information about the call you want to make.

Red Cross Brings Lifesaving Course

"Death By Drowning Inexcusable," Says American Red Cross Leader

Co-incident with the announcement by the Shelby County Chapter of the Red Cross of the beginning of a class in life saving and water safety, Miss Myrtle Brooke, chapter chairman, yesterday said that the Red Cross goal was "every American a swimmer, and every swimmer a life saver." The class will be taught by Mr. Ellis Fysal, who is First Aid and Life Saving Representative of the Red Cross.

"Thirty million Americans went swimming at various times last summer," Mr. Fysal said. "Other uncounted millions found recreation in boating and canoeing, leaving no doubt that in the sporting field aquatics rank first in the number of participants as well as in the diversity of interest and activity."

"An average of 8,000 persons drowned every year indicates the danger there is in aquatic sports if those who take part are not taught the essentials of safety in the water and the principles of first aid for those who may be drowning or injured while swimming or diving."

"The Red Cross regards deaths by drowning as inexcusable most of the time," Mr. Fysal continued. "There are few excuses for such loss of life because of the simple and economical means available for prevention of such deaths, and because of the proved efficiency of resuscitation of the near-drowned as taught by the Red Cross."

The classes, Mr. Fysal said, will be held at Alabama College, beginning May 16. Persons interested in taking the life saving course and receiving their Red Cross certificates are asked to get in touch with the secretary of the local chapter, Miss Marva Hough, at chapter headquarters, Alabama College.

It will be of interest to club members in Montevallo to know that our own Mrs. Herman D. Jones will be sponsored for secretary of the national convention which will be held in Virginia this year.

The hostess chapters extended many lovely courtesies to their visitors.

Medical Society Is 100 Per Cent

Every Physician in the County Is

A member of The Organization

The Shelby County Medical Society met in regular session on Tuesday evening, May 10, 7:30, in the office of Dr. J. I. Reid. Dr. J. H. Ryan, president, of Helena, presided. Several interesting case reports were given; one of which is quite rare. Dr. J. H. Crawford of Columbiana reported the birth of three babies by a Shelby County mother, two of whom were girls (true twins) and a boy.

The society unanimously endorsed the much discussed picture "Birth of a Baby," and has asked for an early showing at the Strand Theatre.

A discussion was held in reference to the Pneumothorax machine which was purchased a few weeks ago by the Anti-Tuberculosis Association of Shelby County. Dr. S. C. Sloan, County Health Officer, discussed the problem of refills for Pneumothorax cases. Dr. W. C. Eversole, of Vincent, was assigned the east end of the county and Dr. Charles T. Acker the west section.

It will be interesting to learn that every physician in the county, ages ranging from the thirties through the nineties, is a member of the society. Dr. J. B. Boyer, of Wilsonville, was made an honorary member for life.

The next session of the society will be held in Columbiana on June 21.

Plans were made for the state convention which is to be held in Birmingham this week. Delegates who will attend are Mrs. S. M. Mahan, Miss Lelah Brownfield, and Mrs. Margaret Coyle. Other members who will go are Miss Josephine Eddy, Dr. Minnie Steckel, and Dr. Hallie Farmer.

AAA ENCOURAGES FARMERS TO PLANT FOREST TREES

Auburn, Ala.—An interesting feature of the 1938 AAA program is the very generous payment offered for planting or caring for forest trees on crop land, reports Lyle Brown, extension forester.

"The payment for planting an acre of pines or other acceptable species is \$7.50 with \$3.00 per acre paid for caring for trees set on crop land since January 1, 1934," he says.

"In view of the fact that it will cost the farmer only about half of the payment prices for securing and setting these trees this phase of the program should be very attractive. Also, upkeep costs will be low as compared to the payment for this practice and a substantial cash profit should be realized there."

"Trees recommended for planting are principally the pines, white and red oaks, ash, poplar, hickory, cedar, bois d'arc, black locust, basswood, catalpa, and mulberry. Specifications for planting in the 1938-39 planting season will likely be 1,000 trees per acre for all except the longleaf and slash pines which may be set 680 per acre with a 65 per cent survival of all species required."

"There is much land on farms cropped at least once since 1930 which is totally unfit for growing cultivated crops and which can very profitably be set to trees."

"There should be a plentiful supply of trees this year with production in the state nursery considerably increased. All who are interested should see their county agents and make application for trees to be delivered this fall."

LIVESTOCK SUGGESTIONS OFFERED ALABAMA FARMERS

Auburn, Ala.—What kind of livestock should each Alabama farmer produce?

Answering this question, F. W. Burns, livestock specialist, Alabama Extension Service, says "there is no such thing as a best kind of livestock for all farmers under all conditions" and then suggests:

1. Select the kind of livestock well suited to the farm. Large farms having ample pasture may be suited to the production of beef cattle, while a small farm may only be able to carry a few milk cows and chickens.

2. Select the breed of livestock you like. A good rule is to select a breed common in the community. This will enable the exchanging of surplus breeding stock with neighbors. Another advantage is that farmers from other sections are more liable to come into a community where several herds are available to select their animals.

3. The beginner should select well developed, healthy, grade females and purebred sires because the initial expense is much less and the resulting offspring is entirely satisfactory to suit most demands. Some of the most successful herds and flocks in Alabama have been established in this way.

4. Select your livestock and stick to it. The most successful livestock producers have been in the business a great many years. They stick to one breed and constantly strive to improve it.

TYPICAL ALABAMA MOTORIST GOVERNMENT'S FRIEND

A statement released today by Earl M. Hearne, secretary, Alabama Petroleum Industries Committee, Montgomery, discloses that the "Typical Alabama Motorist," whose income is less than \$30 per week, is the No. 1 Boy Friend of federal, state, city and county governments.

According to Hearne, special motor vehicle taxes produced in 1937, \$3,885,270 for the federal coffers, \$10,651,887.57 to Alabama, and \$9,215,889.26 to the cities and counties of Alabama.

"The total to all governments was \$23,753,064.84, the highest tax bill the Alabama motorist has yet been called upon to pay."

"Of this amount, \$6,617,792.76 was contributed to general governmental functions. This contribution to strictly class taxation was in addition to the general taxes paid by him the same as by every other citizen who does not pay any of the special motor vehicle taxes."

"The 'Typical Alabama Motorist' contributed 34.7 per cent of all state tax revenues in 1937. Of his total special tax bill, 27.8 per cent was used for general purposes."

May 30 To June 4 Is National Cotton Week

Auburn, Ala.—Alabama farmers have been busy the last few weeks planting and cultivating their 1938 cotton crop. At the same time plans have been going forward for more than 127,000,000 American citizens to rally to the cause of cotton, the South's principal crop, during National Cotton Week, May 30 through June 4, announces P. O. Davis, director of the Alabama Extension Service.

This week is not a sales event, says Director Davis, but a buying opportunity. The success of this week in moving already manufactured goods and in reducing the surplus of our last year's record breaking crop will go far towards recovery.

From the time the cotton farmer plants his seed until finished cloth enters the primary channels, cotton provides the livelihood for practically one out of every ten persons in the country. The surplus of the 1937 crop, unless something can be done to increase consumption of cotton, will seriously hamper a tenth of the population in their earning and spending money, Mr. Davis points out.

ALABAMA IS CROWING CRIMSON CLOVER SEED

Auburn, Ala.—Crimson Clover is becoming more popular in Alabama, especially in the northern part of the state where farmers are this year producing large quantities of seed for planting purposes.

"Save all the crimson clover seed possible," is the timely advice being offered Alabama farmers by J. C. Lowery, extension agronomist, in expressing belief that there will be a good demand for the seed this fall.

The seed may be saved with mowing machines, home-made hand or horse-drawn strippers, he says in advising that plans for making the strippers may be obtained from county agents.

Many farmers in the northern part of the state are trying to sow their entire farms in crimson clover for temporary grazing and soil conservation during the winter and soil-building in the spring, he reports.

Darden Says Shelby Politics Is Alarming

To the People of Shelby County:

To each and every man and woman who honored me last Tuesday by their vote for Circuit Solicitor, I wish to express my sincere appreciation and gratitude, whether I received credit for it or not in the final count. To those who did not wish to vote for me, I have no criticisms to offer and entertain the best of feelings.

I have been unable to find out the number of votes cast for me. I called up the chairman of the County Democratic Executive Committee last Wednesday and he told me I had received over 800 votes with some of the returns not included and I asked him where they were and he said they were in Mr. Paul Luck's office. I told him I thought he was the chairman of the committee and should have the returns himself and he said he was but that Mr. Luck had them in his office. The Shelby County Reporter stated I received less than five hundred votes, while the Shelby County Democrat reported 558 votes out of 26 of the 29 boxes in the county. It looks like my vote in Shelby gets less as more boxes come in and counted.

While I am disappointed at the reported results, I have retained my honor and integrity and have not debauched a voter or double-crossed anyone to secure a vote, which is worth more to me than the nomination secured by questionable methods and debauchery.

I shall continue my efforts for clean politics and good government. I believe a large part of the people of Shelby County will do likewise, while there is an alarming political condition in your county as I see it and believe it to exist, and the sooner it is cast off the better it will be for the good of the county.

Yours very truly,
JOHN A. DARDEN

Published weekly in the Masonic Building on Main Street. Entered as second-class matter, April 1, 1933, at the Post Office at Montevallo, Ala., under the Act of Congress, March 3, 1879.

Chauncey Sparks preached economy in his campaign. Now he practices what he preached when he declines to run it off with Frank Dixon, thereby saving Alabama the expense of an election—and a lot of other costly things. We thought he would.

As a buck private in the rear rank we gave our support to the high command, Frank Dixon, for Governor. And we were not out of step, thank you.

Just as we expected, it is already being said that our Handy Man will be a candidate for Speaker of the House of Representatives when the next Legislature meets in January. Hope he gets the job, because there is none better fitted for the place.

Frank Dixon has smashed more isms out of Alabama politics than anybody who has come along in many years. And the good part about it he is just now in position to do some real smashing.

It is time for Alabama to have another hero-statesman who is worthy of the support of good people in all groups of our too-much divided body politic. Frank Dixon is the man. "The man and the hour have met."

Chilton County Democrats defeated Representative Charley Cox and gave the place to Grover C. Walker, lawyer, in last Tuesday's primary. In November Walker will be opposed by Percy Pitts, Republican, and former Representative for two terms.

With a membership of 82,302 boys and girls, Alabama is leading all other states in the nation in 4-H club enrollment, announces T. A. Sims, state 4-H club leader.

RURAL WOMEN PREPARE FOR CANNING SEASON

Auburn, Ala.—Canning season for Alabama's rural women is just around the corner. Some have perhaps already started by canning dewberries, strawberries and other early-ripening fruit, according to Miss Helen Johnston, state home demonstration agent.

Miss Johnston says many thousands of home demonstration club women are planning to provide their families with a varied and balanced diet next winter by canning a great variety of fruits and vegetables during the late spring, summer and fall. Some of these many women, however, are not thinking as seriously about their gardens, the source of so many vegetables for canning, as they should.

"The home garden and the canning program should be planned together," she says, "because the garden will furnish so many vegetables during the growing season and a surplus to can for next winter."

During 1937 Alabama women and 4-H club girls preserved 2,337,746 quarts of fruits, vegetables and meats, cured 2,176,571 pounds of meat, and dried and crystallized 222,981 pounds of fruits and vegetables. The total value of all these products was estimated at \$1,756,012.

The value of the home gardens last year, both for use as green vegetables and for canning, is estimated to be \$2,271,000.

Miss Johnston advises club women to contact their home demonstration agents regarding a canning budget which gives the correct amount of food to be conserved to meet the nutritional needs of the family.

He Looks Rough

"THE lineman looks rough. That's because he has a rough job—it must be done in all kinds of weather. Even though he looks rough, he does his job smoothly and efficiently, regardless of weather.

"Because he does his job well, dependable electric service is yours, and because of him and others like him whom we are proud to call our employees, weather disturbances impair your electric service infrequently and you enjoy a swift restoration of it after serious storms.

"Linemen go out on midnight trouble calls in the worst of storms. That is a part of their job. They are proud of their record of keeping your cheap electric service dependable.

"When the wind shrieks, and the lightning flashes, and the thunder rumbles, you take it as a matter of course (as you should), that if trouble occurs, the lineman and his buddies will be 'Johnny on the spot' to keep cheap electricity always 'Reddy' for you."

BUSINESS WOMEN TO MEET IN BIRMINGHAM

High spots of the year's work of the National Federation of Business and Professional Women's Clubs will be presented at the Alabama State Convention, meeting in Birmingham, on May 13-14-15 by Mrs. Lucille B. Oliver, Director of Organization.

The national membership has reached an all-time high of 62,000 (on March 1) for this period of the year and is expected to pass the 65,000 mark before the year ends.

A national program entitled "Our Town's Business" which is being used in 45 states, and the publication of a national survey entitled "Why Women Work" which lays for all time the bogey that women work for pin money and not from necessity, are some of the high spots which the Alabama Business and Professional Women's convention will hear presented by Mrs. Oliver.

"The fact that the Federation is organized in 48 states, in Alaska and Hawaii, and is the largest association of business and professional women in the world attracts considerable attention to its surveys and public announcements," Miss Louise Franklin Bache, National Executive Secretary, recently pointed out.

Delegates from the Montevallo club of Business and Professional Women will be the president, Mrs. Stanley Mahan, Miss Lelah Brownfield, Dr. Minnie L. Steckel, and Miss Catherine Fancher.

GIRL SCOUTS

May is the month of conferences for Girl Scout officials, council members, regional committee and national board members. Thousands of these adult members of the organization will be meeting in various centers in every part of the country in conferences which, as a rule, last three days.

Leading educators, civic leaders, and outstanding authorities in sociological, recreational and group leadership circles will speak at these annual meetings whose total attendance is expected to be about seven thousand.

Emphasis in the majority of conferences this year will be placed on the revised Girl Scout program which is being offered to the 461,000 active members of the national organization. The revised program offers a wider choice of program activities to girls in each of three age groups, seven to ten, ten to fourteen, and fourteen to eighteen years, based on their own age level interests and potentialities.

Chicago will be the scene of the largest conference when more than 2,000 members of local councils in Illinois, Indiana, Michigan, and Wisconsin meet at the Palmer House the second week in May.

Ellen Farish Winner In Oratorical Contest

ELLEN FARISH

Honor and trophies were bestowed upon Ellen Farish, orator, and Yenna York and Annie Mae Paulk, Alabama College debaters, in the National Pi Kappa Delta tournament at Topeka, Kansas, April 18-22.

Of the 85 delegates from 38 states, 55 entered the women's oratorical contest. The winner was chosen according to rankings of judges in five different contests. Ellen won in the final contest, having 52 points. She was awarded a gold medal for herself and a trophy for the school.

In her oration, "I Knew Mary," Ellen emphasized a need for sex education in high school and college. She said that there is a need for training teachers with ability, writing textbooks on the subject, and developing a tangible program of instruction. "Our task now is to arouse educated public opinion to demand that the future generations of school children be trained toward an understanding, and a desirable expression of God's most misunderstood and abused gift."

CLUB WOMEN MAKE RUG FOR 36 CENTS

Auburn, Ala.—Mrs. D. C. Sims of the Rock Springs home demonstration club in Chambers County reports that members of her club have made from one to three rugs each for their homes at the extremely low cost of 36 cents per rug.

"To me rug making is one of the most interesting projects the rural women have ever studied," reports Mrs. Sims. "Our home demonstration agent buys the loops in large quantities. We can make a nice sized rug from three pounds of loops at 12 cents per pound, or the small cost of 36 cents for a rug that would cost two dollars if we had to buy it."

FARMERS ADVISED TO PLANT SOYBEANS SOON

Auburn, Ala.—Alabama farmers planning to plant soybeans for seed production this year should endeavor to get them planted before the first of June, advises J. C. Lowery, extension agronomist. Ootootans, Laredos, and Mammoth Yellows are the most important varieties that should be grown, he says.

Mr. Lowery said farmers can save several thousand dollars annually by growing their own seed and at the same time be building up the soil. Soybeans are also good summer legumes to be turned under or as a grazing crop for livestock, the agronomist points out. For best seed production Mr. Lowery advises fertilizing the beans with basic slag or superphosphate.

EXAMPLES OF MISCONDUCT GIVEN BY A. E. A.

Montgomery, Ala.—According to the April issue of the A. E. A. Bulletin, Alabama is one of only five states that have provided special authority for the investigation of the professional conduct of teachers through a commission composed of members of the profession.

"This commission is composed of four recognized leaders appointed to overlapping terms by the president of the Alabama Education Association," so the bulletin points out. "It sponsors instruction in ethics for teachers in training institutions, through local associations, and through periodic inquiry into violations of a general Code of Ethics adopted by the association, which is identical with the Code adopted by the National Education Association."

In reporting the results of a recent study, the bulletin lists the following as examples of misconduct which have been brought to the attention of the commission:

A teacher fails to limit her criticism of a fellow teacher to reports to school officials; a teacher applies for a specific position knowing at the time that no vacancy exists; a teacher knowingly underbids a rival in order to secure a position; teachers, and in some cases administrators and school board members, fail to observe professional courtesy by transacting official business with the properly designated person; contracts, although signed, are not faithfully adhered to and are broken without mutual consent; teachers, interfere between a fellow teacher and pupils in disciplinary problems; testimonials are given which are not frank and candid and which are not always confidentially; teachers and superintendents, as well as school board members, in some instances fail to give due notice of changes made in teaching positions.

Despite production of the largest cotton crop on record, the growers' income in the 1937 calendar year amounted to only \$863,970,000 or \$41,000,000 less than in the previous year. Of the 1937 income, cotton fiber paid \$734,194,000 to the growers and cotton seed, \$129,776,000.

Words of Appreciation From Clarence Abbott

To the Voters of Shelby County:

For your most gratifying support of my candidacy for Tax Collector of Shelby County, and for your majority vote on May 3 1938, I desire to express my sincere thanks.

The citizens of Shelby County have stood by me, and I want you to know that I, as your Tax Collector, shall render to each taxpayer my best efforts toward meriting this consideration of my official record when you returned me to this highly responsible position. For your valuable suggestions to me while waging my campaign, for your personal interest so loyally manifested in me, I shall ever remain grateful.

To those who supported me, and to those of you who did not, I want you to know that I am your friend, and that any time I may have the privilege of serving you, I shall deem it a personal privilege. Again thanking you, I beg to remain,

Gratefully yours,
CLARENCE ABBOTT

WALTER L. RANDOLPH RECEIVES AAA PROMOTION

The Agricultural Adjustment Administration announced last week the appointment of Walter L. Randolph, Auburn, AAA administration officer in charge in Alabama, as assistant director of the Southern Region, effective May 1.

Mr. Randolph takes the place formerly held by I. W. Duggan, named director of the Southern Region several weeks ago. The Southern Region comprises Alabama, South Carolina, Georgia, Florida, Mississippi, Louisiana, Texas, Oklahoma, and Arkansas.

Named to succeed Mr. Randolph as administrative officer in the AAA in Alabama is A. W. Jones, Tuscaloosa County Agent since 1933 and previous to that teacher of vocational agriculture in Marengo County.

That Alabama home demonstration club women are active in church work is indicated by the fact that Alabama is leading Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Virginia and West Virginia in a church improvement contest being sponsored in these states by a leading farm magazine, announces Helen Johnston, state demonstration agent, Auburn.

"When the modern farmer talks of crops, he includes his timber crop," says the U. S. Forest Service. "His farm woods yield him cash income, and trees grow on the less fertile soil not needed for other crops. Trees require no fertilizer or cultivation while growing, but the sale of their products has tided many farmers over lean years."

ANNUAL SPORTS DAY AT ALABAMA COLLEGE

Annual Sports Day will climax the sport season, Saturday, May 14, with exhibition matches and contests for all students at Alabama College.

The swimming meet, under the direction of Ruth Rice, swimming counselor, will be held from 10:30-12.

At 2 o'clock there will be an exhibition tennis match by four Birmingham players. Amy Fagan will have charge of the match.

A novelty archery meet at 3:15 will conclude the program.

The class which receives the highest number of points will be awarded a cup.

WILD DUCKS EXPENSIVE

Wild ducks at \$57 a plate is expensive, but that is what each of 23 Texas citizens recently paid for dinners of wild duck, dove, and plover. Their meals were obtained at an inn near Fort Worth, operated by one Jack Hornor, who is now serving a 13-months term in Leavenworth for his part in the law violations. Evidence leading to the conviction of Hornor and the other defendants was gathered by agents of the U. S. Bureau of Biological Survey. The original cost of each dinner was \$1.25 but costs and fines assessed against the 23 diners totaled \$1,315.

A prominent writer, in commenting on the TVA, says that approximately 18,000 farmers have volunteered to act as farm demonstrators in testing TVA phosphorus. The cost of manufacture, per unit of phosphorus by weight, is about 63 per cent phosphate, which the TVA will probably release in the future, as for 16 per cent phosphate, all that was available in former years.

The death rate in Alabama in 1935 was lower than that in any other state east of the Mississippi River except North Carolina, and is was only three-tenths of one per cent above the rate in that state.

At that time some of the flower lovers of the community will arrange for display of flowers that have been grown in and around Montevallo. At one o'clock the doors of the Power Company will open to the public. Everyone in the community who is interested in flowers or in their culture is invited to come in some time during the afternoon and enjoy the beauty of the flowers on display. All persons who live in Montevallo are invited to bring their flowers which they have grown and put them on exhibit. One bouquet will be just as acceptable as many. So if gardens are very bare at this time of the year, but there remains one pretty clump of blooms, and you wish to participate in the show, cut these blooms, arrange them in your most attractive container, and bring them to Alabama Power Company. After the Power Company closes at noon on Saturday a group of women will be on hand to receive the flowers and to help arrange them. It is very desirable that the flowers be collected between twelve and twelve-thirty five because at that time Mrs. Yeager plans to take pictures of the exhibit.

The Business and Professional Women of Montevallo are sponsoring this exhibit. They are eager that everyone who reads this notice should feel that they have a special and personal invitation to bring their flowers and show them. No prizes or other special awards will be given. The purpose of the show is to bring together people who are flower fanciers with their flowers as a first step in promotion of a

Fred Frost Opened New Lumber Office

The new office of Montevallo Lumber Company near the bank, on Main Street, has been opened by Mr. Fred Frost, owner of the business.

In his account of this addition, which will provide better service to his customers, Mr. Frost says: "We have opened an office and show room in the Meroney Building two doors below the bank, and it will be a pleasure to us for you to call by or phone 80 when we may be of service to you in anyway."

"In addition to the many items of building material carried in our stock, we have added a line of Pan American wall papers and will appreciate an opportunity to show these new patterns to you."

We feel that we may properly add this reminder: when you want anything, big or little, in the building line, just remember that Fred Frost has it, and can supply you on short notice.

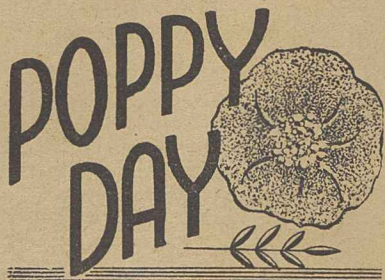

He didn't say anything about it, but if you drop by his new office, he might have time and room to give you a few practical pointers on checker-playing.

Executive Committee

Final announcement of returns from the Democratic primary of May 3 shows that the following were elected as members of the State Democratic Executive Committee in the Sixth Congressional District:

Morgan, Campbell, Clement, Norwood, Fuller, McQueen, Gordon, and Cabell.

Shelby's two candidates, Acker and Luck, and Chilton's candidate, Pipes, were all three left out of the running. One other county in the district had no candidate entered. Therefore, the final result leaves three of the eight counties in the district without representation on the State Democratic Executive Committee.

Annual Sale Saturday May 21, Sponsored By Ladies Of Auxiliary

The American Legion Auxiliary Unit of Hendrick-Hudson Post will sponsor the annual sale of Memorial Poppies in Montevallo next Saturday, May 21.

A committee of ladies and girls will be actively engaged in the sale, when every citizen will be given an opportunity to buy a poppy.

The poppies are made in the Veterans Hospital at Tuscaloosa by ex-servicemen who are drawing little or no compensation. The funds derived from the sale will be used by the Auxiliary in child welfare and rehabilitation work among families of war veterans. Sixty thousand poppies were made at the hospital this year. Montevallo Unit hopes to sell its proportionate part of this total number of poppies next Saturday.

Red Cross Lifesaving Instructor Is Teaching

Under the direction of Mr. Ellis D. Fysal, Red Cross lifesaving instructor, the class in life saving organized by the Shelby County Red Cross chapter held its first meeting Monday at Alabama College.

The prone pressure method, first advanced by Sir Edward Sharpey Schafer, F. R. S., in 1903, will be taught the class, and is recognized as the most efficient and safe method.

"Certain accidents, the most frequent of which are drowning, electrical shock, and gas poisoning, cause stoppage of breathing," Mr. Fysal pointed out. "Asphyxia or suffocation, with first unconsciousness and then death, occurs a very short time after breathing stops."

"Fortunately, the first aider can carry on the breathing for the victim of the accident by alternately compressing the chest and releasing the pressure, thus causing air to flow out and in. This is known as artificial respiration, and its use annually saves many lives throughout the world."

THE WHOLE TRUTH

God gives two ends—one to sit on and one to think with. A man's success depends on the one he uses most. It's a case of heads you win, tails you lose. So—let's quit talking depression, recession, or anything that rhymes with funeral-procession.

Lauderdale Speaker At Civic Club Here

County Agent A. A. Lauderdale was guest of the Montevallo Civic club Wednesday and spoke upon the farm situation in Shelby County.

There was much interest among the members of the club in the comprehensive presentation made by the speaker.

Soil-building practices were pointed out as the vital necessity in bringing our farmers to a balanced and sustaining program. "After our soil is conserved and built up," Mr. Lauderdale said, "then and not until then can our farms produce food and feeds upon which the desired program of diversification must be built."

Terracing land and use of winter cover crops, he said, are the first step necessary in beginning this program. This, at one and the same time checks erosion and produces fertility.

Mr. Lauderdale explained the operation of the government cotton control plan for 1938 and the benefit payments that will thereby come to farmers.

Concluding his most interesting speech, the County Agent appealed to the business and professional men in the club to lend all possible assistance to encourage our farmers to attainment of better practices and more desirable rural life.

Work Is Advanced On Wilton Highway

Appearances indicate that the section of the Centerville Highway from Montevallo to Wilton will be paved in a short time. Grading, draining, and gravel surfacing have been completed. The road bed is being sprinkled daily and scraped and rolled to cause proper settling.

Incidentally, while the town of Montevallo is about to consider some more street paving, it seems a fine idea to figure on getting the street paved from Tatum Chevrolet Company westward to where the same will intersect the new paving to Wilton. This would eliminate a lot of dust and bumps on a section of street that carries a major portion of our traffic into and out of the city.

We hope the property owners along this street will give close consideration to the matter. The improvement by paving would increase property values much more than it would cost.

College Alumnae Fete High School Seniors

The sixty members of the graduating class of the Montevallo High School were entertained Tuesday afternoon at an informal party in the parlor of Main Dormitory by the Alabama College Alumnae Association.

The room was beautifully decorated with larkspur, sweetpeas and gladioli.

Miss Hazel Coke, Miss Elizabeth Tutwiler, Mrs. W. F. Tidwell, Mrs. A. C. Anderson, and members of the Montevallo Alumnae Chapter were also present.

This is quite an honor for Mr. Kennerly, as he is the first man to serve in this office of the organization during its existence. The other officers are: Mrs. F. H. Frost, first vice president; Mrs. W. F. Tidwell, second vice president; Miss Wilma Baugh, secretary; Mrs. E. P. Hood, treasurer.

Another interesting feature of the program was a movie given by Mr. J. T. Bagwell, of the activities of the children from the kindergarten through the high school.

Man Jurist Be Speaker At Graduation

Rev. A. Bell Will Deliver Baccalaureate Sermon at Alabama College

Judge Florence B. Allen, America's foremost woman jurist, will make the commencement address to the class of 1938, Monday, May 30, at Alabama College.

Giving the baccalaureate sermon will be the Reverend Charles A. Bell, pastor of the Parker Memorial Church, Anniston. Dr. Leslie Blanchard, dean of Hollins College, Hollins, Virginia, will be the speaker at Sunday afternoon vespers.

The complete program, announced by Frances Cumbee, will begin Saturday, May 28, with the class day exercises, consisting of a resume of class accomplishments during the past four years. In this resume will be included the music composed by Wilo Mae Goddard, the record made by the class in the athletic field, the first sophomore hop, and other outstanding features.

The annual reception in honor of the governor of Alabama and the seniors will be given in the parlors of Main Dormitory, Friday evening, May 27. The reception will follow the annual meeting of the board of trustees in the afternoon.

The Reverend Bell has been pastor of Parker Memorial Church since 1932. He studied religious and social conditions in foreign lands last year when he took a six-month's trip around the world. He was a convocation speaker on the campus last spring.

Concluding the commencement program will be the graduation exercises in the Palmer Auditorium, Monday morning. Judge Allen, who will be the speaker, is United States circuit judge of the sixth circuit.

Town To Consider Some New Paving

Mayor Invites Property Owners To Meet With Town Council Monday Night

According to a statement released to The Times by Mayor, Dr. Chas. T. Acker, a proposition to pave several short stretches of the unpaved streets of our town has been made to the City Council by the Southern Amiesite Asphalt Company, of Birmingham.

Under the proposed plan it is stated that a 30-foot pavement with curb and gutter complete will cost the property owners one dollar and ten cents (\$1.10) per front foot.

Mayor Acker invites the property owners who may be interested in this proposal to meet with the Council Monday, evening, May 23, at 7:30 o'clock, for the purpose of "discussing this most unusual opportunity to complete our paving and get Montevallo out of the dust."

It would seem to the casual observer that there are several short pieces of streets in Montevallo that may well be considered for this improvement. In a number of places there are one or two blocks of unpaved streets, which if paved, would make practically the whole town connected in one continuous series of paved streets and avenues.

The property owners along these streets are urged to meet with the Council at the request of the Mayor, and give consideration to the plan that is proposed. The plan evidently has merit from many different points of consideration.

AUXILIARY MEETING TODAY

Indications of the public sentiment against higher gasoline taxes is seen in the fact that 162,000 names to referendum petitions were secured in less than 30 days in Missouri as the first step in preventing a 1 cent increase in the state's 2 cent gasoline tax rate from going into effect.

SPECIALIST STRESSES FRUIT JUICE VALUES

Auburn, Ala.—Prepare to can two quarts of fruit juice for each member of your family, Lavada Curtis, specialist in food preservation of the Alabama Extension Service, advises Alabama farm women.

This is the season for making the juices of fruits such as strawberries, dewberries, and blackberries. The juice of these fruits make delicious desserts which should be used more freely in the home. You will find these home made fruit juices excellent for use in gellatin desserts, puddings, sauces, ice cream, sherbert, and beverages.

The flavor of these will be finer if they are pressed from fruit which has been heated and processed at temperature below the boiling point. The addition of sugar will give a finer flavor, says Miss Curtis.

To preserve the natural flavor and color, use stainless steel and avoid utensils of copper, brass, and iron.

Use only fully ripe, firm fruit. Discard any green, moldy, or decayed fruit. Handle the fruit in quantities of 1 to 2 gallons and avoid delay at any stage of procedure. Crush the fruit and precook at 170 degrees F., or if a thermometer is not available, simmer until softened. Avoid boiling, strain and add 1 cup of sugar to each gallon of juice. Reheat the juice to 190 degrees F. and pour into sterilized containers. Do not leave headspace in glass or tin containers. Process quarts 20 minutes at simmering temperature.

For good corn production use 100 to 200 pounds of nitrate of soda or its equivalent as a side dressing 40 days after planting.

Sports Spotlight

After not such a good start Montevallo High seems to be going to town lately and it looks as though we're going to wind up the season with a bunch of victories.

The record says, won 7—lost 6. Last week it read, won 2—lost 6. During the week Montevallo won three games from Vincent, one from Blocton and one from Buck Creek nine.

On the whole we have improved hitting, fielding, and pitching. Ace pitchers at the present time are Harrison, Comer and Reeves. Harrison is leading in strike-outs—he has eleven strike-outs against both Vincent and Buck Creek. Last week Reeves pitched and won the first game of a double header against Vincent and then went in as a relief hurler in the fourth inning of the second game and received credit for that win.

The leading hitters of the team stacked up like this on Tuesday morning: Ambrose is leading the pack with an average of .373, Comer and Harrison, both of whom play dual roles, playing in the outfield when they don't pitch, are tied for second place with .333, Captain's "clowns," Lovelady and Dement, come next with .298 and .279, respectively. The team batting average is .247.

Games scheduled as this goes to press: Tuesday, Montevallo vs. Buck Creek at Siluria; Wednesday, West Blocton at Blocton; Friday, Columbiana at Montevallo, at 1:15. It is also probable that Boothton will play in Montevallo on Saturday.

Farmers can improve the quality of their cotton seed so as to get the highest price whenever they sell, states G. S. Meloy, senior marketing specialist, Bureau of Agricultural Economics. Everything that can be done to improve cotton lint will also improve the value of cottonseed. Pure seed of superior varieties is the first essential to superior lint and such seed are usually rich in oil.

He Might Be Looking For Germs
(But He Isn't)

"HERE'S a fellow you seldom see at his work, because he performs his duties in a laboratory. He isn't looking for germs, but is inspecting the jewels and other small parts of an electric meter to be sure of their accuracy. He carefully inspects every meter before it goes into service and because his inspection is so thorough, you can always be confident that your meter accurately registers the amount of cheap electricity you use. Your cheap electricity is measured by meters as accurate as the finest watch."

Report of the State Convention of Business And Professional Women

The Business and Professional Women of Montevallo held their regular monthly meeting on Monday evening at 7:30 at the St. George Hotel. Mrs. S. M. Mahan, president, presided. New officers were installed.

The main feature of the program was a report on the twentieth annual convention of the Alabama Federation of Business and Professional Women's Clubs, which was held in Birmingham last Friday, Saturday and Sunday.

The convention theme was "Our Town's Business—Growth." A federation breakfast opened Saturday's program. This was held in the Colonial Room at the Tutwiler. All local presidents gave a report on "Our Town's Business."

Following this hour was the morning session which featured the discussion of 1938-39 program plans, led by Mrs. Lucile B. Oliver, national representative, guest speaker of the convention. A federation luncheon, held at South Terrace, was presided over by Mrs. Carrie Andrews, first vice president.

On Saturday evening a session was held in the Peacock Ballroom featuring the guest speaker, Mrs. Oliver. Awards were also presented at this time.

Sunday morning an emblem breakfast was held with Mrs. Maude Butler, Birmingham, presiding. The convention closed with a fellowship luncheon at the Britling Cafeteria. This was in honor of past presidents, of whom there were six present. Dr. Lola Taylor gave the history of the federation.

A radio broadcast was presented, also. The speakers were Dr. Hallie Farmer, Dr. Minnie Steckel, Mrs. Carrie Andrews, Mrs. Elmer Clanchan, Mrs. Springer, state president, and Mrs. H. E. Pearce, first president of the state convention, held in 1919, who gave an interesting report.

Montevallo Club is very proud of the honor of ranking third in the presentation of interesting programs for the past year. This is quite an achievement as there are twenty-six clubs in the state. It also made 100 per cent on the Pratt Memorial Scholarship Fund.

Local members who attended were Mrs. S. M. Mahan, Miss Lelah Brownfield, Dr. Hallie Farmer, Dr. Minnie Steckel, Mrs. Margaret Coyle, and Miss Josephine Eddy. The subject for the ensuing year is "My Business and Yours."

RADIO STATIONS PLAN FARM, HOME BROADCASTS

Auburn, Ala.—Alabama farm men and women can soon tune in their nearest radio stations for the latest information about farm and home-making which will be given in an entertaining and educational program to be broadcast by these stations weekly, announces P. O. Davis, director of the Alabama Extension Service.

In addition to Station WAPI, Birmingham, over which a half-hour farm family forum is broadcast daily, six other stations have arranged to present weekly farm programs in cooperation with the Alabama Extension Service, Director Davis states. It is hoped that within a short time similar programs will be broadcast over the four remaining stations in the state so that farm people will have an opportunity to get the latest crop and farm information. Harwood Hull, Jr., assistant extension agricultural editor, prepares these programs in cooperation with county agents in each town where stations are located.

Following are the stations which have already started weekly broadcasts and their schedule: WHBB, Selma, Wednesday, 12-12:30; WJBY, Gadsden, Wednesday, 11:30-11:45; WBHP, Huntsville, Friday, 11:30-12:00; WALA, Mobile, Monday, 5-5:30; WSFA, Montgomery, Tuesday, 2-2:30. Stations which have not yet scheduled weekly farm broadcasts are those in Tuscaloosa, Dothan, Decatur, and Sheffield.

Franklin D. Roosevelt is the thirty-second president of the United States but he is the thirty-first person to hold that position. In the count President Cleveland is counted twice. He was the twenty-second and twenty-fourth president. He is the only president to serve two terms that were not in succession.

PRESBYTERIAN CHURCH

"The Peril of Privilege" is the subject of the Rev. A. J. Cox this Sunday morning at the 11 o'clock worship service. The soloist of the hour is to be Miss Frances Lee, who will sing "The Publican," by van de Water.

The Church School will meet at 9:45 a.m. and the Christian Endeavor Society at 7 p.m.

The people of the community are invited and urged to attend any and all of these services.

VITAL STATISTICS

Shelby County's birth rate for March was 31.2 per 1,000 population, as compared with a rate of 21.4 per 1,000 population for the state as a whole, according to the monthly compilation of births and deaths prepared by the Bureau of Vital Statistics of the State Department of Health.

The Bureau's records show that 3,246 white and 2,050 colored babies were born in the state during the month, and that 338 babies died during that period before reaching their first birthday, giving an infant mortality rate of 63.8 per 1,000 live births.

BIRDS NOT PROTECTED

The only birds not protected by law in Alabama are: English (house) sparrow, Cooper's (chicken) hawks, sharp-shinned hawks, blue jays, the great horned owl, crows, starlings and buzzards. All other species of the falcon family, including the osprey and eagle, are protected at all times. This information was furnished by the Conservation Department to the Ornithological Club of Harvard College, which is conducting a study of the hawk and owl situation in the U. S.

FLOWER SHOW

(Continued from page 1)

city beautiful. The display is planned to give encouragement to the beautification program of our community and not to put the stress on the most beautiful flowers. Later on in the years to come when more persons have flower gardens, and we have more special flowers, it will be nice to arrange an exhibit with awards for the choice displays.

Flowers being brought for display should be in containers, and these containers should be marked with the owner's name and address. Also if the flower displayed is unusual, it would be nice to have the name of the flower so that those who are unfamiliar with it would know it by name.

A nice feature of the show will be the dispensing of small plants. They may be annuals or perennials. If you have an oversupply of any small plants get them together, and bring them to someone who is really anxious to have them. If you will pack them in some way, so that their freshness will be preserved, some one at the show will make an exchange for you and try to help you get some plants that you have place for in your garden. Or possibly you would like to cooperate and share your extra plants with someone who is just starting a flower garden.

If you have no flowers to exhibit, you may wonder what the show will have to make it worth your while to attend. You will be able to see new and pleasing arrangements of flowers that will suggest things that you can do in the arrangement of flowers in your home. You will get ideas for your garden and also for arrangement of your decorations inside your home. You will be able to see your neighbor or some friend and spend a few minutes talking about your pet flowers.

If it is impossible for you to bring your flowers to the power company, then phone them on Saturday morning and Mrs. Cox will take your message and arrange to have someone call and get them. The show closes at 5:30. The flowers should be called for at that time. All flowers that are not called for will be sent to the local churches for the Sunday service.

Mrs. R. A. Reid is in charge of arrangements. If you should want any special information, call her and very likely she will be able to answer your question.

(By Bob Anderson)

The seniors of M. H. S. have at last received their commencement invitations and calling cards. The invitations give the date of the exercises as May 31, at 10 a.m. They will be held in Palmer Auditorium. Fifty-nine seniors, the largest class ever to finish at Montevallo High, will receive diplomas.

The banquet program included the reading of the class will and prophecy, the choosing of a May Queen, a tap dance number by Dot Miller, a song by the quartet, and the class song, with words by Luise Baxley, by the whole class. The dance was given in the Elementary School auditorium, which was decorated with May poles, colored lights, and spring flowers. Arvie Whittendon and his orchestra, from Clanton, furnished the music.

Several musically-inclined students of Montevallo have been organizing a dance orchestra. The students have purchased a set of drums from the college "Fascinators" and a number of popular dance music sheets.

There will be one more issue of the Spotlight this year. It will be out on May 27.

Ford Exhibit At New York World's Fair

The theme of the Ford Motor Company's exhibit building at the New York World's Fair in 1939 will be prophetic of the advances America may expect in transportation in coming decades, according to an announcement by Edsel Ford, president of the company.

Based upon an exposition of the institutional character of the Ford company and the fundamental policies which have directed its growth during the past 35 years, the fair exhibit will reach its climax in "The Road of Tomorrow," an elevated highway more than half a mile long, rising upon a series of spiral ramps, traversing the border of a patio and finally circling the main building on a deep setback at the top of the walls.

The exhibit, in four rather distinct parts, will include an entrance rotunda facing the main west gate, a spacious Manufacturing Hall, a patio, with pools, playing fountains and large rest areas, and the elevated road. From the west side

of the patio, steps will rise to a broad mezzanine. There Ford V-8 and Lincoln-Zephyr cars will load passengers for the ride over "The Road of Tomorrow."

From the loading platform the cars will pass to the south, enter the spiral ramps, climbing to the upper level and following the elevated highway as it passes over the mezzanine, west along the south wall of Manufacturing Hall, through a tunnel lined with photomurals; thence circling the top of the building, through a glass tunnel high in the Rotunda; down the ramp to the second level; around the patio and back to the starting point.

At night flood lighting will fall upon the cars as they circle the highway high on the walls of Manufacturing Hall, playing moving shadows on the building walls in full sight of the whole fair grounds. The building will occupy the highest location on the grounds. It will be decorated in white, red and blue and will be floodlighted at night.

No military obligation is placed on those attending.

Four-H rallies, at which the club boys and girls of the entire county are brought together for contests, inspirational and educational talks and a "general get-together," have been held this spring in every county in Alabama, except one, states T. A. Sims, state 4-H club agent, Alabama Extension Service.

WHEN TO SIDE-DRESS COTTON AND CORN

At what stage of growth should side-dressing of nitrogen be applied to cotton for best results providing a side-dressing is needed?

Side-dressing of nitrogen in the form of nitrate should be applied at first cultivation after chopping for the best return in seed cotton for each pound of nitrate used. Delaying side-dressing until cotton is blooming freely does not give as good return as applying immediately after chopping. Don't delay side-dressing.

Cotton fertilized with grades having less nitrogen than that in 4-8-4 should be side-dressed with sufficient nitrate to bring the nitrogen up to that in a 6-8-4.

For example, cotton fertilized with 600 pounds per acre of 3-8-5 should be side-dressed with 112 pounds of nitrate; cotton fertilized with 600 pounds of 4-8-4 should be side-dressed with 75 pounds of nitrate. If a home-mixture was used, and one-fourth of the nitrogen applied under the cotton, the remaining three-fourths should be applied at first cultivation after chopping.

Cotton fertilized with 6-8-4 or following a good crop of winter legumes, does not require side-dressing.

For corn, apply a side-dressing of nitrate up to 225 pounds per acre 35 to 40 days after the corn is planted. For the best return from nitrate, it should be applied in the earlier stages of growth. An increase of approximately 17 bushels of corn per acre for each 225 pounds of nitrate was made by the Alabama Experiment Station in

tests conducted over many years on all principal soils of the state.

This increase was made at a cost of little more than 20 cents per bushel for nitrogen. By using a side-dressing of 225 pounds of nitrate per acre on a 10-acre field of corn, an extra 150 bushels or more may be made. Corn following a good crop of winter legumes should not be side-dressed.—A. A. Lauderdale, County Agent.

PRESBYTERIAN CHURCH

Owing to the Commencement exercises in Palmer Hall on next Sunday, the worship services of this church will be suspended for one week. The pastor, Rev. A. J. Cox, urges that the church members and friends attend the eleven o'clock worship service and five o'clock Vesper service in Palmer Hall.

One of the best ways to take advantage of the provisions of the AAA farm program for soil-building is by planting summer legumes such as cowpeas, velvet beans, soybeans, and crotalaria.

Strip-cropping, once considered as a very awkward method of farming, is gaining popularity with Alabama farmers as a means of conserving soil in sloping fields, say Soil Conservation Service officials.

Statement of Dr. J. A. Hines, Candidate for State Senator

DR. J. A. HINES

I am adopting this means of bringing anew to the attention of the voters my candidacy for the State Senate, as it will be impossible for me to see all of them before the June primary although I am making every effort to do so.

Freedom from Factions

No pressure of any group or faction has gotten me into the race, and I will be free to represent all the people of the District impartially.

Personal

I am 42 years of age, a World War Veteran, a resident of Shelby County for fifteen years, am a native Alabamian, and have practiced medicine at Siluria, Alabama for the past fifteen years.

Public Service

I am a member of the County Board of Education of Shelby County, am a member of the Democratic Executive Committee, am a life long Democrat, and have always believed in and practiced and supported the principles of the Democratic Party.

Public Education

I endorse the A. E. A. and P. T. A. program for education and will do all in my power to provide a minimum term of eight months for public schools and nine months term for high schools, with continued appropriations for the cause of

higher education. I will favor an adequate appropriation for education and necessary taxes to guarantee payment of the appropriation.

Homestead Exemptions from State Taxes

I favor continuing the present exemption of homesteads from state taxation.

Homestead Exemptions from County and Municipal Taxes

I favor extending homestead exemptions so as to exempt all homesteads from county taxes and municipal taxes.

Automobile Tag Tax

I favor a substantial reduction of the automobile tag tax and will vote for such reduction, if the reduction can be had without violating constitutional provisions.

Sales Tax

I favor continuing the present sales tax in some form only if, after enforcing rigid economy, it is found that public education, farm extension work, public health, public welfare and homestead exemptions cannot be adequately financed without such tax.

Economy

I believe in an economical administration of all affairs and functions of state government, and will do all within my power as State Senator to secure such economy.

Reapportionment

I favor reapportionment of legislative representation in conformity with the State Constitution.

Secret Ballot

I favor a modification of our election laws so as to secure, if possible, a strictly secret ballot.

Poll Tax

I favor a law permitting any person otherwise qualified to vote to become a qualified elector on the payment of two years poll tax.

The vote and influence of all the voters of the District I respectfully solicit, and will represent all of the people of the District conscientiously and impartially, if elected.

HEART DISEASE KILLS 446 PERSONS IN STATE

With a total of 2 deaths, Shelby County was one of the 64 Alabama counties reporting one or more deaths from heart disease during March, according to the monthly bulletin of the Bureau of Vital Statistics of the State Department of Health. This disease, which ranks far ahead of all others as a cause of death, killed 446 persons in the state during that month.

Other leading causes of death, with the number of deaths attributed to each during March in the state as a whole, were as follows:

Influenza, 114; tuberculosis, 135; cancer, 144; cerebral hemorrhage, 213; pneumonia (all forms), 280; nephritis, 189; accidents (exclusive of motor vehicle accidents), 159.

FIRES AND FLOODS CLOSELY RELATED

Auburn, Ala.—Woods fires and floods are closely related, believes Lyle Brown, forester of the Alabama Extension Service at Auburn.

He believes that solution of the flood danger on two-thirds of the land area could be made relatively simple if land owners will realize that leaving natural cover in the forest floor will prevent the rapid run-off of water and hold it to be released gradually in springs and branches. Too many farmers allow woods fires to burn all leaves, grass, and close-growing plants off the ground. Experiment Station records show that land that is burned over by woods fires loses 15 to 20 times as much water as unburned land, he says.

High School News

(By Bob Anderson)

Examinations were begun yesterday at M. H. S. Senior Arista Club members "in good standing" were exempt from all finals.

Preparations have been started in a big way for the commencement exercises to be held Tuesday morning at ten in Palmer Hall. Programs, with the names of seniors and Senior Arista Club members on them have been mimeographed. Corsages for senior girls have been ordered. The graduating students will wear the usual informal clothes, customary to Montevallo High graduations—dark coats and white trousers for the boys, and white dresses for the girls.

The members of the Senior High who take commercial subjects enjoyed a picnic at Little Springs last Friday. About twenty-five students and teachers were present.

The last issue of the Spotlight will be on sale at the commencement exercises in Palmer Hall Tuesday morning.

The Senior Class will be entertained with a tea in the home of Mrs. J. L. Appleton, by Mrs. Appleton, Mrs. F. H. Frost, and Mrs. A. C. Anderson, Friday afternoon. After the tea, the class has been invited to the Strand Theatre, by the manager, Mr. Eddie Watson, to see "Cocoanut Grove," "on the house." The seniors extend their most hearty thanks to the three ladies named above, and to Mr. Watson.

BAPTIST CHURCH

Sunday School will meet at 9:45 a.m. and will be over in time for all to go to Palmer Hall for the Commencement sermon at 11 a.m. Rev. Charles R. Bell, pastor of the Parker Memorial Baptist Church, Anniston, will preach the sermon. Because of the programs at the college there will be no morning or evening services at the church. For that reason, it is suggested that the church offerings be brought to Sunday School. The offering will be received then.
